Possibilities would include - Dr Keith Dodd (as mentioned), Derby, recently retired and with wealth of experience of political issues relating to general Paeds.

Possible Profs would include Forrester Cockburn Glasgow (retired) - was Trust Chair and very sensible; Tim David, Manchester (has been very involved with GMC performance procedures for Paeds), Terence Stephenson, Nottingham, Brendan Drumm, Dublin, Gerry Loftus, Galway

Let me know if you want to discuss further (mobile [REDACTED], home [REDACTED])  
[REDACTED] Will be at High Kirk for part of this evening.

Re PMETB, what issues should I mention under the item on NI requested by Isabel?
