[McCarthy, Miriam] CMO ,

Happy to do so- how quickly would you like this done? I am just aware that with the holiday season it may be difficult to convene the whole group. If there are problems with dates would you be content with some of the members- namely those whose input was greatest when the initial guidance was produced--doing the review?

Is it possible to get a copy of Sir Cyril's comments on the guidance?

Happy to discuss

Miriam

Will you call together the Working Group on Hyponatraemia to review the guidelines in the light of Cyril Chantler's remarks.

Happy to discuss.
