GOT YOUR FAX & E-MAIL FROM J. SLININ
HOW COULD ANYONE REFUSE TO MEET WITH A MOTHER
WHO HAS LOST A CHILD?

AS WE HAVE TALKED IN PAST ABOUT ADAM YOU KNOW
THAT I AM OF THE OPINION THAT ADAM'S FLUID MANAGEMENT
WAS POOR.

IT MUST BE STRESSED THAT I AM NOT A PEDIATRIC
ANESTHETIST & MY OPINIONS MAY CAUSE THE MOTHER EVEN
MORE DISTRESS - IF THAT IS POSSIBLE.

IT CONCERNS ME THAT THE A.V.H.'S INQUIRY BY
DOCTOR FIONA GIBSON M.D. F.F.A.C.S.I. CONCLUDED THAT
ADAM HAD RECEIVED A VERY CAREFULLY THOUGHT OUT AND WELL
MANAGED ANESTHETIC WITH GREAT CARE TO FLUID MANAGEMENT,
THAT NO UNTOWARD EPISODE TOOK PLACE, WHEN THE ULTIMATE
UNTOWARD EPISODE IS ADAM'S BRAIN DEATH HAD OCCURRED, AND
THAT THAT DEATH WAS RELATED TO FLUID MANAGEMENT.

CAN THERE BE A MORE FRAGRANT EXAMPLE OF THE
GREAT WHITE COAT WALL OF SILENCE

SEE YA
Leo.
