Dear Mr Leckey

re: Adam Strain (deceased)

Thank you for being so hospitable on my visit to your Court on Tuesday. This really is a tragic case for all concerned.

I thought you might be interested to hear that by a rather strange coincidence I received a paper this week for possible publication in 'Paediatric Anaesthesia' on a case of dilutional hyponatraemia. I intend to publish this and have asked Professor Arieff to write an Editorial on the subject to go alongside the paper.

The Journal has a wide readership worldwide so should go some way towards enlightening people on this rare (?) occurrence.

Kindest regards.

Yours sincerely

E Sumner
