

Miss D Strain

26 January 1996

Dear Miss Strain

I am enclosing a copy of the report of Dr Sumner and a copy of the article he refers to. This article was also referred to by Dr Alexander. You will note that generally speaking Dr Sumner who had not seen Dr Alexander's report shares the same view as to the cause of death.

Yours sincerely

**J L LECKEY**  
**HM CORONER FOR GREATER BELFAST**
