

Miss D Strain

5 January 1996

Dear Miss Strain

This morning I received the report of Dr John Alexander who is a Consultant Anaesthetist in Belfast City Hospital. As promised I am enclosing a copy.

I have sent a copy to Dr Maurice Savage of the Royal Belfast Hospital for Sick Children and advised him that you may wish him to explain the contents to you.

When the other reports arrive I will send you copies.

Yours sincerely

J L LECKEY
