7 April 2006

Detective Sergeant W R Cross
PSNI Station
Fermanagh District Command Unit
48 Queen Street
ENNISKILLEN
BT74 7JR

Dear Detective Sergeant Cross

Adam Strain (Deceased) – F.46,728

I refer to your letter of 3rd April 2006 regarding material held following the postmortem examination on the above-named.

I can confirm that there are numerous tissue blocks (from which microscopic sections can be made) retained within the Department. No photographs are held on file.

The blocks will be retained should microscopic slides need to be made from them for further examination. You should be aware however that permission from the Coroner will be required before such material could be released.

Yours sincerely

J Crane
State Pathologist and
Professor of Forensic Medicine
