Chief,

You will recall that Dr Sumner advised me that I needed to see a letter from a Doctor Burton before I interviewed anyone. Dr Sumner sent me contact details for Dr Burton and I phoned him to see about getting his letter. He is most enthusiastic about this police investigation and states he wrote to DCS Wright to offer his help. He is soon going on leave and if you thought we should see him we may have to plan to do it this month. He has also confirmed that two other doctors, Drs Dyer ([REDACTED] but 25 yrs anaesthetist in US) and Donaldson, with full knowledge of the case will speak to police.

Dr Burton was 25 yrs a GP, then did a law degree and specialises in medical law. Dr Dyer goes on annual leave out of the country on 1/9.

It appears to me these three experts are keen to speak to us and will have very relevant information that will be pertinent firstly to the interviews of the Royal staff and also to our discussions with Dr Sumner.

Dr Burton is to email me his correspondence with Dr Sumner tomorrow.

Chief,

Got the attached today. Obviously this Doctor is keen to speak soon to us and lists the dates when he is unavailable.

Dear Detective Sergeant Cross

I hope your BroadBand can take this size of document. If not - please give me a FAX phone number to which I can deliver these papers in confidence.

NB---- I am free all day Monday 15th August, Tuesday 16th and Thursday 18th. After that I will be in Dorset, England and then Berlin - returning on 7th September. I am keen to speak with the investigating team before I go off.

PS - some more documents to follow

Dr. John Burton LL M, [REDACTED]
