15th March 2007

Dear Sergeant

Re: CLAIRE MARGARET ROBERTS 29200-2004

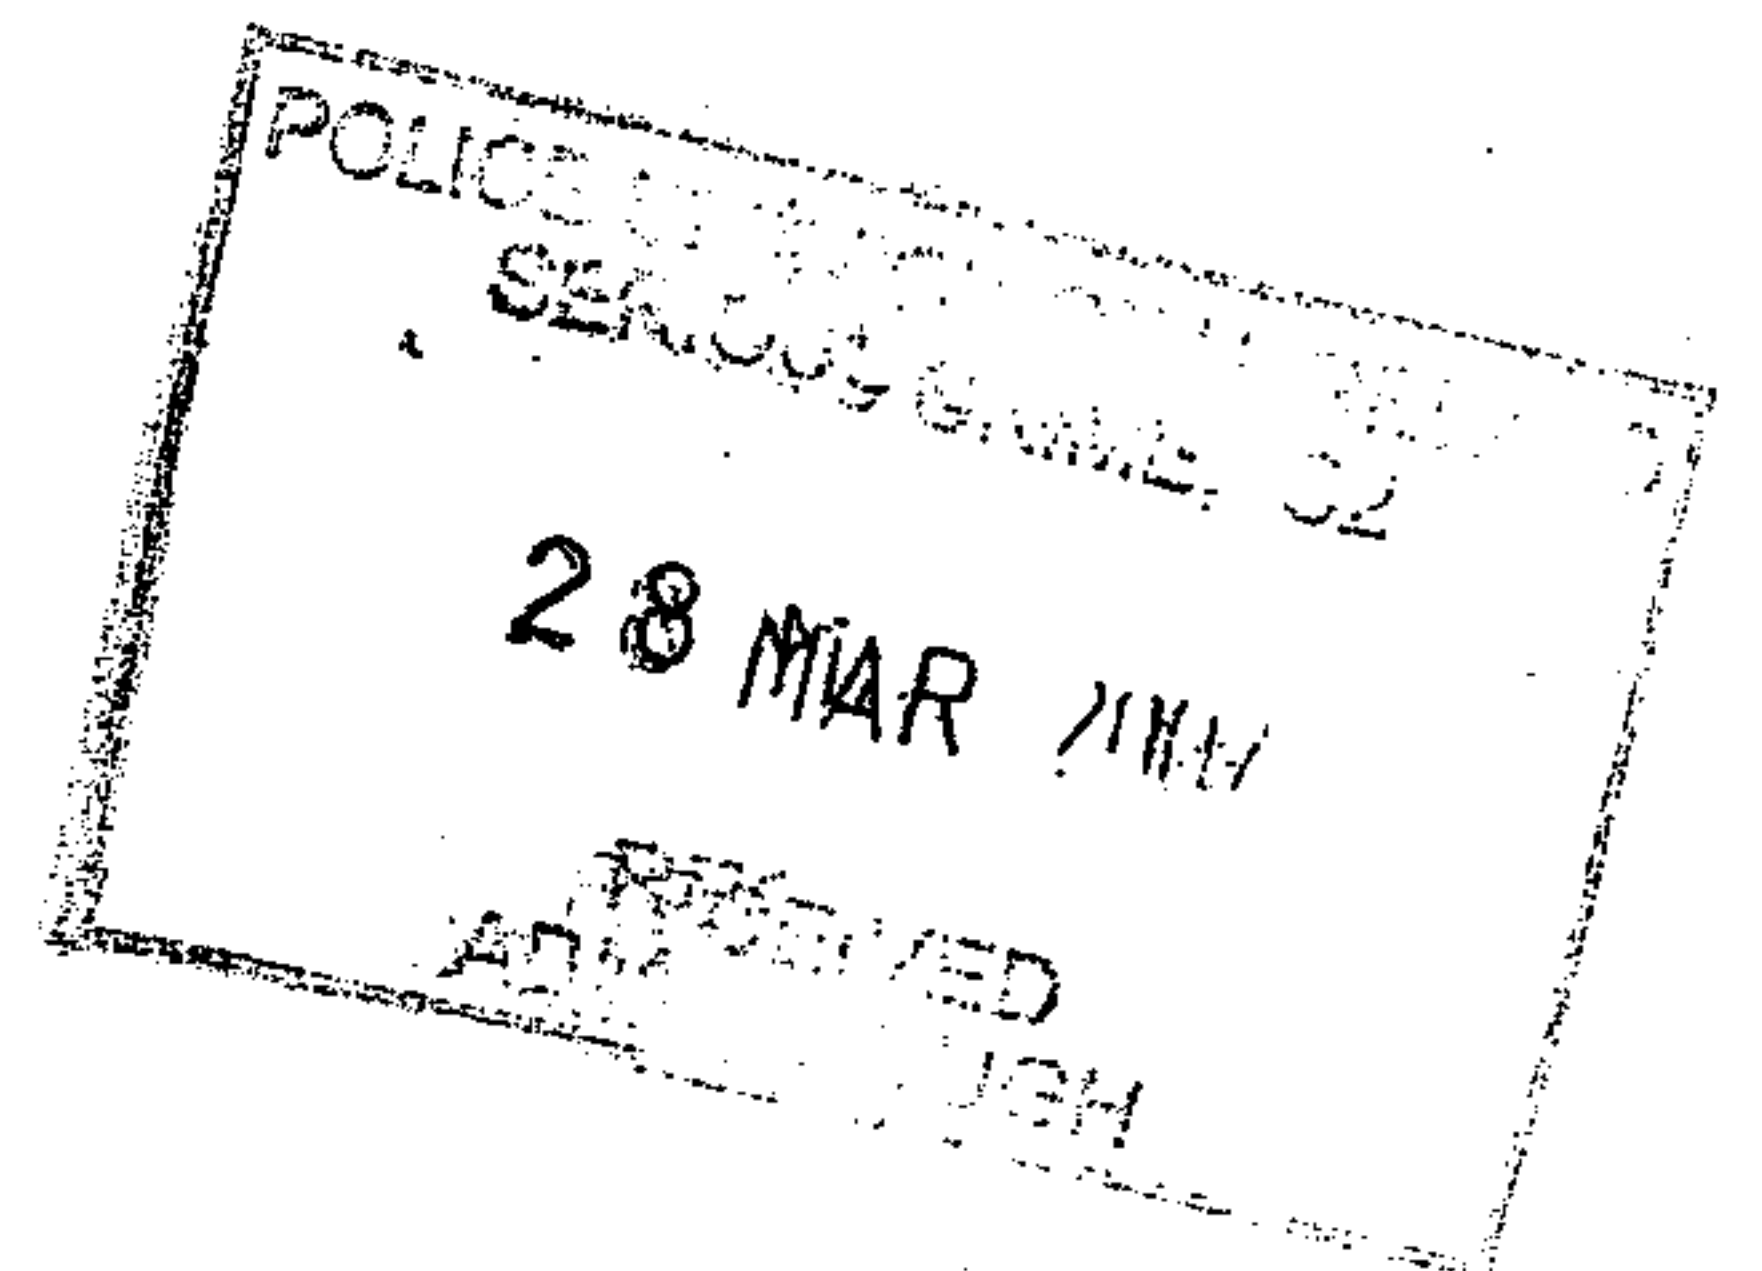

I have received your letter of 6th March.

I confirm the contents of my e-mail to you of that same date. This was to the effect that as the cause of death has been established and an inquest has been held I am not in a position to give you the authorisation you require. You should approach Claire's parents for authorisation.

Yours sincerely
