With regard to your email

1. Just to confirm that your meeting with Dr Fulton is in his office at 2.00 p.m. His office is in Anderson House. It is not far from my office so you will be able to park here when you call. Geoff will direct you to it.
2. Can I confirm that Triona Taylor SHOULD NOT have been mentioned in my letter that was a MISTAKE. She did not provide a statement for the inquiry and I don't believe she was involved in Raychel's care.
3. Sr Miller is off today and she will be able to confirm the other staff for me tomorrow. S/N Roulston is still employed in Ward 6 and I understand she is RCN. You will have a statement from S/N Roulston.
4. Dr Curran has not responded to any of my requests for a statement. I only have a home address for him. I will write today and ask him to contact you. If I don't get a response from him I will try to get a work address for you.
5. Margaret Doherty was the Directorate Manager at the time. She is listed on that page because she was in attendance at the Critical Incident meeting. Margaret attended the meeting as in normal practice to support the staff as the Directorate Manager. I cannot recall her having any input into the meeting other than as a support for the staff.

Therese,

Noted re Dr Nesbitt. I still have to confirm at 1400hrs.

Can you advise re the following:

1. Your letter of 9/1/06 states that S/N Triona Taylor submitted a statement to the Inquiry but none was found in the material you sent me this date. Can that be checked?
2. I would like to interview the following people also. Can you confirm contact details for them and notify them that we will be in contact. I was phoned yesterday by a solicitor for the RCN nurses and she is studying the issues with a view to early

interviews. If any of the following nurses are RCN then it would assist them and us if they were in touch with the RCN soon:

- i. SN M McGonagle mentioned 068a-047-278
- ii. SN V Ayton mentioned 068a-047-305,307
- iii. SN Doohar mentioned 068a-047-310
- iv. Dr Curran mentioned at 064-002-015
- v. SN Roulston mentioned at 064-002-019.

3. At 026-011-012 a Margaret Doherty is mentioned. Can you identify her, and indicate her role and the reason she is listed on that page. I could then decide if we need to contact her.

Thanks,

Billy

2. I have arranged to meet Dr Fulton at 2pm on Tuesday 14 February 2006, subject to confirmation by 2pm today. He suggested that you could arrange a location and if not (I will meet at his office.
3. Noted re the documents 007 and 310.
4. Thanks for the details which you have posted. You mention that you have attached a copy of the letter by the attachment has not reached me. Perhaps you could resend, otherwise I am happy to await the post. As I read the notes more names are appearing that we may wish to speak to and I may have to get back to you. They tend to be more on the periphery.
