Sue,

Sorry cannot help today. My copy is the same as yours and I will have to go to Coroner's office. Am in Belfast Monday and will try to obtain a better copy and fax to you Monday.

Re your query re the names for Michaela, am trying to resolve.

Billy

Billy,

Another quick question....

Is it possible to have another copy of page 83 (Parenteral Nutritoin Fluids prescription chart) as the notes in the left hand column have been missed off in photocopying. I suspect they are someone's calculations of fluid intake (probably the same person who signed for the prescription of 0.9%NaCl). These may be significant as their calculations of fluid intake concur with my calculations of Raychels fluid requirement. I'm at home now for the weekend (fax [REDACTED] and will leave for London at 8am on Monday (fax [REDACTED])

Thanks

Sue

Hope you are well!

I've just had a read through Raychels file. Unfortunately, I seem to be missing a page (page 335), the 1st page of Sister Millars deposition. All I've got is a blank sheet!

If you have the page, you can fax it too me (I'm at home at the moment). My fax is [REDACTED] (this is also my home phone number). I've left you a message on your mobile as well.

Will have a closer look at the nursing documentation today/tomorrow and let you know if there are areas missing.

Speak soon

Sue
