Chief,

There is a possibility that I will be interviewing two doctors as witnesses in Altnagelvin on Tuesday 14 February. PJ is starting a Crown Court trial on 13/2 and I very much doubt if she will be free as there is no expectation of a plea. Is there a possibility of a DC from a MIT assisting me? It may be for the whole day if both doctors are available.

If the doctors cancel or PJ becomes available help would not be required.

If this is possible, if I had a name I could ring on Monday afternoon I would be able to make a definite arrangement with them.

Billy
