Hi Samantha

I am aware you have started on Raychel's papers. I think it would be good to meet and discuss what you have and what more may be available.

There is a meeting in London on 22-23/2 between police and Dr Sumner and Ms Chapman. I will raise with Dr Sumner the points you made in your analysis of Adam's case. If prior to that date you had any questions which we should raise with them, please let me know.

I will talk next week re a meeting.

Billy
