Subject: 3.CONFIDENTIAL:: RE: : FW: : Re Hyponatraemia

Sir

All the documents have been collected from Ladas Drive involving Adam and Raychel. These are still being photocopied. Six boxes of documents re Adam Strain were delivered to Gough as Billy arranged with staff there to photocopy them. I have forwarded an e mail to Caroline McAteer, office manager re an update on this. I have two boxes of doc's for Raychel which I am currently progressing through. These two investigations contain the biggest number of doc's.

Thanks
RH

Rosie

can you give me an update on where we are with this. Please include D/C/I Taylor in this as he is the new SIO in the investigation.

Sir

I have been contacted by the Hyponatremia Inquiry re progress following their correspondence earlier in the summer to assist in the provision of documents for the Inquiry. Could you please provide an update on where this currently is so I can get back to them on behalf of the ACC.

Many thanks

Gillian
