Dear Dr. McMillin,

Claire Roberts dob 10.1.87 (Deceased)  
[REDACTED]

I met with Jennifer and Allen Roberts, Claire's parents on the 20th January 1997. This was simply as a courtesy. We discussed the events surrounding Claire's tragic death. I wasn't able to add any further insight into why this should have occurred. I know that both parents are suffering greatly and father in particular is struggling with the grieving process.

If you have no objection I would be happy to leave the door open here. If parents do call me with any other thoughts or questions I would be pleased to try and answer them.

Yours sincerely,

Colin
