

Dr. Major

Mrs. Roberts 'phoned Tues. 21.9.93 to make an appt. for Claire.

You last saw Claire August '92 and she should have had a 6 months review appt. made. Mrs. Roberts did not make this, stating she thought she was to make an appt. in one year.

(Mrs. Roberts is not too happy with Claire's medication at the moment and would like a review appt.

Your routine reviews for a Thurs. morning are booked up to Jan/Feb. 1994. There are of course new patient times free and also urgent review times free prior to this. How soon do you wish me to make the appt.?

as soon as reasonable.
