Subject: RE: From Mr A P Walby - re HMC Statement

Apparently a letter has been sent and should be here soon.
Regards
Andrew

Subject: From Mr A P Walby - re HMC Statement

I refer to your statement regarding Claire Roberts. Can you please advise me of whether your medical defence organisation has got back to you with regards to the last three sentences in paragraph three, and if so what the outcome was?

I would also confirm that we have checked with the laboratory with regards to the "further serum electrolyte" however the laboratory records do not go back that far. I would advise that Dr Steen covers this issue in her statement.
