Mr Walby,

- I talked with Prof Young - he has not discussed statement with anyone other than MPS - he agrees not based purely on notes - also from emails passed from Dr N. Rooney as they did meet with family.

add Prof Young to review then

- re "comment from other staff" - said this sentence was suggested by MPS.

- re: "CN biochemistry profile" - this is what it says in casenotes - the is quoting from mem - bracket haven't been closed in notes
