Message/Instruction:

You had written to request a statement from Dr Sands.

He is going to be on annual leave for the next 3 weeks
+ wondered if you wanted to take the notes back in
case there was anyone else you wanted to prepare a statement
while he is away.

I said that he could hold onto the chair provided he would be
able to get access to it if needed while he was away. He will
leave it on his desk in his office so that we can get it if necessary.
