jim, this is helpful, donna has indicated likely hood that jj reprot will be referred to. She also advised the coroner had retained his own expert witness on this matter. I will pass to d. Note also kevin and d are discussing dates for consulation, preparation. bridget

ps any views on the painting yet?

Bridget,

I met with Jralath and Tom (separately) and advised them of Inquest and that the trust would be arranging USA support. I believe it would still be valuable to have Dr. Jenkins available to give the perspective on No.18 solution fluid usage within paediatric departments in the province, UK and USA.

Can you ask Donna to consider this as she used him for the Legal report.

Jim

k thanks for copying this to me...my sense of staff need for briefing relates both to cons with pg and also info on procedural aspects of inquest itself. I've aske desther to think about this also. If it were poss it may work best to run this back on back. hope these reflexions are helpful. bridget

Donna,

Dr's Auterson and O'Donaghue have now confirmed their availability to attend this request. I have also written/spoken with Ester Miller re nursing staff attendance. She informs me that she has been in touch with the relevant staff and confirmed that they will be attending. As per our previous discussions re briefing these staff I would be grateful if you could let me have a few dates.

Many Thanks

Kevin
