Dear Ms Beggs,

Re: Investigation into the death of Adam Strain

I refer to the above.

I would be grateful if you would forward me, as a matter of urgency:

1. A copy of the original laboratory report detailing Adam's electrolyte readings at 11pm on 26th November 1995. There are references to the results obtained in the clinical notes but the actual print out is required.
2. A copy of the RBHSC Renal Transplant Protocol in place at the time of Adam's death in November 1995. I am aware that Professor Savage subsequently revised this document in September 1996. I hold a copy of that document but it is the 1995 version that I seek your help in obtaining.

I am obliged for your assistance

Yours sincerely,

Anne Dillon
