Your Ref: NSC B04/1

Our Ref: AD-0156-10

Date: 21 July 2010

Dear Ms Beggs,

Re Investigation into the death of Adam Strain

I refer to the above.

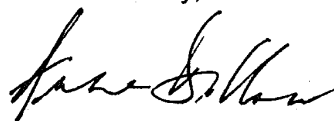

I would be grateful if you would advise me of the date when clinicians at the RBHSC first performed a paediatric renal transplant. From that date to the present day, please provide me with the names and titles of the surgical and anaesthetic teams involved in such procedures, together with details of the outcomes of the procedures. In addition, I would be obliged if you would advise me of whether any of the patients involved, like Adam Strain, had a polyuric type of renal failure.

It would be of great benefit to the Inquiry if your client, the Belfast Trust, would provide a layout plan of the areas of the RBHSC where Adam was treated in November 1995, to include the locations of:

1. Musgrave Ward
2. The room in which he was anaesthetised
3. The operating theatre
4. The laboratory
5. The recovery room
6. Paediatric Intensive Care Unit

I would be grateful to receive this information on or before Friday 20th August 2010.

Yours sincerely,

Anne Dillon
Solicitor to the Inquiry
