Dear Madam

INQUIRY INTO HYPONATRAEMIA RELATED DEATHS – CLAIRE ROBERTS

I refer to your email dated 20th June 2011.

I confirm that you are correct that the signature is not S/N Jennifer Brownlee's and this has been ascribed to her in error. The signature is that of S/N Barbara Maxwell.

The signature S Spence is that of Staff Nurse Suzanne Spence.

The document RGH 34 is not accurate. I enclose an amended version. Its absolute accuracy is open to challenge, however the Trust is unable to identify any other staff that were involved in Claire's care other than those detailed. I note that Dr P Crean is included in the Inquiry's list of potential witnesses. Please note that Dr Crean is on the Discharge Summary (090-009-011) as the Consultant in Charge of PICU. His name does not appear anywhere else in the casenotes, therefore I have been advised by the Trust that it is likely he had no direct involvement in Claire's care.

A full list of staff who were on duty in the RBHSC on 21st, 22nd and 23rd October 1996 is not available as staff rotas from that time have been destroyed in accordance with Trust Policy.

Yours faithfully

Wendy Beggs (Ms)
Assistant Chief Legal Adviser
