Dear Ms Beggs,

Re: Claire Roberts

I refer to your letter of 9 August 2011 (copy attached) where you state "that there is no fluid balance and IV prescription sheet for 23rd October 1996 present in the records"

Can you confirm as a matter of urgency if these documents were completed in respect of Claire Roberts care in PICU, and if so can a thorough search be carried to ascertain the whereabouts of the documents?

If the documents were not completed please explain why.

For ease of reference these documents were supplied in respect of Adam Strain and can be found at the following references-057-017-024 to 025, and .057-018-026 to 027

I would appreciate a response by 8 November 2011

Yours sincerely,

Bernie Conlon

Dear Madam

RE: INQUIRY INTO HYPONATRAEMIA RELATED DEATHS

I refer to your email of 28.6.11 regarding Claire Roberts' casenotes. The Trust and I have both carefully checked the original casenotes and would advise that there is no fluid balance and IV fluid prescription sheet for 23rd of October 1996 present in the records. The IV drug prescription and administration sheet is present (090-029-089, A and B are cut off at the left).

The Medical Records Department have checked their archive and offsite storage and no separate PICU records have been found.

Yours faithfully
