Dear Ms Beggs,

Re: Adam Strain

I refer to my letter dated 31st August 2011 Ref: BPC-0004-11 in which the Inquiry requested copies of all Renal Transplant Protocols in existence in Belfast City Hospital from 1980 to present date.

By letter dated 25th October 2011, you advised that Belfast City Hospital has never produced a written protocol for the peri-operative medical management of renal transplant recipients but has followed a standardised practice in line with the recommendations of the Renal Association and the British Transplant Society at the time. I would be grateful if you would provide the Inquiry with copies of the aforementioned recommendations.

I look forward to receiving the requested information by 16th January 2012.

Yours sincerely,

Brian Cullen
Assistant Solicitor to the Inquiry
