of Great Britain and Ireland

Career Summary

After my undergraduate training in UCD, I undertook three years of surgical posts before starting my anaesthetic training in Belfast. During my third year as a Senior Registrar, I transferred to Manchester and gained my CCST there in August 1997. I was then appointed as a Consultant Paediatric Anaesthetist in Manchester Children's Hospitals. I subsequently spent six months at the Hospital for Sick Children, Toronto undertaking a Fellowship in Paediatric Anaesthesia.

In 2001 I took a sabbatical to go for a period of training with Prof. Frank Shann at the Royal Children's Hospital, Melbourne, working in Paediatric Intensive Care for fourteen months. I returned to Manchester Children's Hospitals in June 2002 to work principally in Intensive Care.

I was the Lead Clinician for the Intensive Care Unit from May 2003 until I left Manchester in July 2005.

I am interested in outcome following PICU and in the quality of care delivered. I am also interested in the parents' experiences while their child is in Intensive Care.

In December 2004 I was appointed as a Consultant Anaesthetist in Our Lady's Children's Hospital, Crumlin. I commenced this post on July 18, 2005.

TEACHING

I am an APLS instructor.

I am an examiner for the Final Fellowship of the College of Anaesthetists, RCSI.

I teach in the College of Anaesthetists of Ireland on Vascular Access in Children.

I teach both doctors and nurses in about Perioperative Fluid Management in Children.

MANAGEMENT

I am actively involved on the Hospital Risk Management Committee.

I am interested in Patient Safety and have presented at Risky Business in London and at AAGBI core topics day in Dublin on Patient Safety in Anaesthesia.
