Current Position:

Consultant in Paediatric Cardiothoracic Anaesthesia and Intensive Care,
Freeman Hospital, Newcastle upon Tyne. (1st August 1994 – present).

My work centres around the provision of anaesthesia and intensive care to children and young adults with heart disease. I have ensured that I have continued some work in general paediatric anaesthesia throughout my entire period as a consultant.

Clinical Director, Cardiothoracic Surgery and Anaesthesia, Freeman Hospital, September 2000 – June 2006. This role was carried out in addition to my clinical duties. I was responsible managerially for the departments of cardiothoracic surgery (paediatric and adult), and cardiothoracic anaesthesia (paediatric and adult). This included responsibility for the clinical governance of the directorate. There were 30 consultants in the directorate during this period.

Sub-Specialist Interests and Expertise:

Paediatric cardiac transplantation
Mechanical cardiac support in children
Extra-Corporeal Membrane Oxygenation
Author of Freeman Hospital PICU guidelines for the provision of renal replacement therapy

Editorial Reviewer:

Anesthesiology
British Heart Journal
