

CURRICULUM VITAE

Dr Robert Scott-Jupp

Consultant paediatrician

Date of Birth: [REDACTED]

Nationality: [REDACTED]

Qualifications:

MB BS (University of London)	1980
Diploma in Child Health (RCP)	1983
Member of the Royal College of Physicians (UK)	1986
Fellow of the Royal College of Paediatrics and Child Health	1995

Current NHS Post

Consultant Paediatrician, Salisbury District Hospital: since November 1992.

This is a full-time NHS post, involving acute responsibility for general and neonatal areas, and general and specialist out-patient clinics.

Training:

1975-80	Undergraduate training at The London Hospital Medical College
1982-83	Paediatric SHO rotation, Bristol
1986-88	Paediatric registrar rotation, Liverpool Maternity Hospital and Alder Hey Hospital, Liverpool.
1988-89	Cystic Fibrosis Clinical Research Fellow, Leicester
1989-92	Lecturer in Paediatrics, University of Leicester

Clinical Interests

General paediatrics

Cystic Fibrosis

Asthma

Respiratory paediatrics

Rheumatology

Adolescent medicine

Principal clinical activities

- On call for general and neonatal paediatrics 1 in 10
- Supervision of in-patients on children's ward and Level 2 Neonatal Intensive Care Unit
- General Paediatric outpatient clinics 2 or 3 per week
- Monthly specialist cystic fibrosis, rheumatology and adolescent clinics

Academic activities

- During my research post and lecturer post in Leicester I completed a study into liver disease in cystic fibrosis, resulting in several presentations and peer-reviewed publications
- Current research involvement with South-West Regional CF database
- Reviewer of papers and books for *Archives of Disease in Childhood*

Medical journalism

- Associate Editor for *Archives of Disease in Childhood (ADC)*, the leading UK paediatric journal, since 2002. In this role I triage papers, obtain peer-reviews, decide on acceptance, and make editorial changes. This requires knowledge of

research methods, the ability to assess scientific evidence, and a broad familiarity with current paediatric practice internationally.

- Review articles and commentaries written for *ADC*
- Until 2008, regular 'Hot Topics' column in *Hospital Doctor*

College activities

- Royal College of Paediatrics and Child Health (RCPCH) National Council member since 2008, following election. This involves contributions to national policies in many areas, particularly acute and out-patient general paediatrics, and adolescent issues.
- Service development: having pioneered novel working practices which have enabled sustainable and safe 24-hour paediatric cover in my own unit, I have been asked to advise others around the country faced with similar problems.
- Member of the College Specialist Advisory Committee for General Paediatrics.
- Visiting and Host Examiner for MRCPCH and DCH postgraduate clinical exams.
- External College assessor on Advisory Appointment Committees for new consultant posts

Teaching activities

- Organiser of and regular contributor to teaching programmes for students, SHOs, registrars and consultants
- Educational supervisor for trainee doctors
