Dear Ms Crawford,

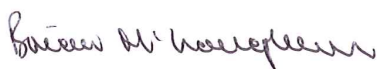

Re: Lucy Crawford – Royal Belfast Hospital for Sick Children

Can you please advise whether or not a discharge letter was sent from the Royal Belfast Hospital for Sick Children to Lucy Crawford's General Practitioner, and, if so, whether it was copied to the Erne Hospital. If such a letter was sent, please furnish a copy.

The Inquiry notes that a proforma "Inpatient/ Outpatient Advice Note" (copy attached for ease of reference) was completed in respect of Lucy and in regard to this document, please advise to whom was this document sent and was it copied to the Erne Hospital?

I would be grateful for a response within 14 days from the date of this letter.

Yours sincerely,

Brian McLoughlin
