Dear Ms Dillon

**RE: INQUIRY INTO HYPONATRAEMIA RELATED DEATHS - RAYCHEL
FERGUSON GOVERNANCE**

I refer to my letter dated 17th May 2013 (AD-0533-13) and in particular point one thereof which states: -

"There does not appear to be any reference to "Clinical Audit Study" in this document rather there is reference to "Clinical Audit Strategy". The Trust are currently searching for this document and I will revert to you in respect of this request as soon as possible."

I am instructed that the Trust has carried out extensive searches and cannot locate the "Clinical Audit Strategy" referred in the Doctors handbook 2001.

The Trust believes that the DHSSPS may be able to assist the Inquiry with the provision of this documentation. The Trust instructs that the DHSSPS would likely have issued guidance/strategy which would have been used at that time by the Altnagelvin Trust.

This completes the Trusts response to the Inquiry request (AD-0533-13).

Yours sincerely
