I can confirm that the Department did issue a similar Hazard Notice on Blood Gas Measurements to the Health Service in October 1989. A copy of the notice is attached.

Please see attached letter BPC-0001-11 from the Assistant Solicitor to the Inquiry Brian Cullen. You will note therein that he has requested information regarding a Hazard Notice. I would be obliged if you would make the appropriate enquiries and return to me with your instructions before 7 September.

Kind regards

Catherine
