Subject: Fluid Guidelines

Raymond

Andrew mentioned you had asked for details of guidance issued by the Department on fluid management. I've attached:

Guidance from 2002 on the risk of hyponatraemia in children, together with cover letter from CMO (3 pages)

hypno\_wallchart.  
pdf

image.tif

2003 CREST guidance

hyponatraemia\_w  
allchart.pdf

Paed fluid therapy wallchart issued by Dept in Oct 2007 and associated circulars

[http://www.dhsspsni.gov.uk/hsc\\_sqsd\\_20-07.pdf](http://www.dhsspsni.gov.uk/hsc_sqsd_20-07.pdf)

[http://www.dhsspsni.gov.uk/hsc\\_sqsd\\_20-07\\_-\\_addendum.pdf](http://www.dhsspsni.gov.uk/hsc_sqsd_20-07_-_addendum.pdf)

[http://www.dhsspsni.gov.uk/hsc\\_sqsd\\_20-07\\_wallchart.pdf](http://www.dhsspsni.gov.uk/hsc_sqsd_20-07_wallchart.pdf)

You might also wish to note that work is nearing completion by the Guidelines and Audit Implementation Network (GAIN) to update the 2003 CREST guidelines for use in adult patients (ie. 16+).

Let me know if you need anything else.

Thanks  
Jennifer
