Subject: Hyponatraemia Wall Chart 30th November 2009

Importance: High

David thank you for replying to my e-mail, regarding the Fluid Therapy wall chart for children.

I appreciate that any work that you will do on the wall chart will now need attract a charge as you have to generate income for your Trust.

I would be grateful if you could let me know what the charge will be, so that I can get approval to proceed from my line manager.

Please note that the dates are now to be placed in their original position on the right of the poster, with the DHSSPS logo on the left.

I have also included for guidance an attachment giving the original poster.

Happy to discuss and thank you once again for your help.

George
