Nicola  
For GAIN to note that NICE will take forward guidance on Intravenous Fluids in Children. When current information is being reviewed by NICE it will be important to ensure that NICE have the current NI guidance. Local experts who wish to be involved in the guidance development will be able to apply in the same way as for other topics.  
Happy to discuss  
Karen

Dear Professor Keogh<sup>1</sup>

**Re: Intravenous fluids in children**

Thank you for your letter of 29 December 2011.

I am pleased to note that the NBQ has approved a list of topics including 'Intravenous fluids in children' and that this will now be referred to NICE to take forward.

An update on progress in due course would be greatly appreciated.

Yours sincerely

DR MICHAEL McBRIDE  
Chief Medical Officer

Department  
of Health

Re : Intravenous Fluids in Children

Thank you for your letter regarding the above.

I have forwarded this to the NQB to consider the development of a quality standard and clinical guideline.

Yours sincerely,

Professor Sir Bruce Keogh  
NHS Medical Director
