Subject: Hyponatraemia Wall Chart.

Importance: High

Karen

With reference to our meeting yesterday and the discussion about Trusts requesting additional copies of the Hyponatraemia Wall Chart.

Given below are the Trusts and the numbers requested.

Southern Trust x15

Northern Trust x110

(However, the Belfast Trust has asked 50 copies and it comes from the Standards Quality & Audit Department, which initially asked for extra copies of the chart.

George

(Jonathan please put on TRIM)
