Folks

The DHSSPS would like to know by close of play today if you need any of the above posters.

Can you please get back to me one way or the other please before 3pm.

Many thanks

Nicola

Karen

We have just sent out an email to all the Audit Departments asking do they require any posters, so we will give them to Monday to respond.

Hope this is acceptable.

George is going to organize the printing of some more copies of the wall-chart. Have you heard much feedback about lack of, or need for, more wall-charts? The Western and South Eastern Trusts have not responded to the request or reminder enquiring about the need for more wall-charts.

I don't want to order the current request level and then find that more are needed later.

Grateful for feedback.

Thanks

Karen

With reference to our meeting yesterday and the discussion about Trusts requesting additional copies of the Hyponatraemia Wall Chart.

Given below are the Trusts and the numbers requested.

Southern Trust x15

Northern Trust x110

However, the Belfast Trust has asked for 50 copies and it comes from the Standards Quality & Audit Department, which initially asked for extra copies of the chart.
