Tony

Thank for this.

I have read over the wall chart and I have not seen any mistakes.

Please proceed with printing.

George

Can you arrange to create a purchase order for this job and let me know the PO number; or if you can give me the cost centre, expense and analysis codes I can create it for you.

Tony

Thank you for sending the information on the Hyponatraemia Wall chart Amended Exact Reprint.

Karen, has agreed that we should order 260 copies at A3 size .

George  
Happy to discuss.

Tony

Good afternoon.

On the 18th February 2010 a second run of the Hyponatraemia Wall chart was agreed for publication (the first print run contained a spelling error).

I have received requests for a reprint of the wall chart. These are to be distributed to the HSCTs

In total there is a request for 235 copies and I was hoping to have 260 printed.

I would like to see a copy of the chart to be printed to make sure it is the correct one.

Tony, I would be grateful if you could let me know what the costs would be before agreeing to publication.

Also is there a difference between having 250 copies printed and 260.

Thank you for your help.

George
