Subject: NICE CG84 Management of Acute Diarrhoea and Vomiting in Children U 5 due to Gastroenteritis

Professor Shields/Dr McAloon,

Thank you for your emails regarding the NICE CG84 Management of Acute Diarrhoea and Vomiting in Children Under 5 Years Due to Gastroenteritis. As you will be aware the Department arranges a local review of NICE guidance for its applicability to NI and, where appropriate, endorses the guidance by way of a circular to advise the HSC sector. The Department cannot make any amendments or alter the NICE guidance however, additional advice/caveats are included to the circular as required. Therefore it would not be possible to modify/update the NICE guidance as suggested.

We would like an opportunity to meet with you as a matter of urgency to discuss the issues you have raised, and any other issues regarding this NICE guideline, so that we may address these appropriately and determine the way forward for the endorsement of this guideline.

() would be grateful if you would let me know your availability on the following dates:

Wednesday 23 September between 10.30- and 1.30
Thursday 24 September before 12pm
Friday 25 September in the afternoon
