Dr Livingstone

I have attached, for your information, the draft agenda for the forthcoming CMO/Medical Directors/Directors of Public Health.

This is still draft, but please note that Dr Harper has included Hyponatremia on the agenda as Item 5. Are you happy to present this at the meeting and possibly provide a paper?

Also, please note that I have spoken to Dr Donnelly with regard to the Safer Surgery agenda item, and he has added the sub-heading 'WHO Initiative' under this heading

Many thanks

Neil
