Oh Jennifer - sorry!

Can I increase the NHSCT wide order to 200 and I will co-ordinate the dissemination across the Trust!

B.

Fiona, Brenda has confirmed a new total of 110. If this is not enough (the chart should be displayed in all paed ward and anywhere else children are likely to be treated) to also cover the need for spares, please let me know.

Jennifer please can you send me 50 copies of this re-issued wall chart to

Brenda McConville,
Assistant Director Paediatrics and Related Services,
Northern Health and Social Care Trust,
Pinewood Offices,
101 Fry's Road,
Ballymena.
BT43 7EN

Email: brenda.mcconville [REDACTED]

Phone Number: [REDACTED]

Also with regard to your comment "it has been agreed to make a minor amendment to the above wallchart". Can you clarify for me what this amendment is please.

regards,
Brenda.

Subject: Re-Issue of Wallchart Guidance on Treatment of Hyponatraemia in Children

Colleagues, following the recent GAIN audits of compliance with guidance on treating hyponatraemia in children, it has been agreed to make a minor amendment to the above wallchart. The chart will then be re-issued to Trusts for display in all wards where children are or may be treated.

To that end, I would ask that you advise as soon as possible the number of wallcharts required for your trust in order to meet the requirements for display and add any additional charts required in order that your Trust has enough spare copies to allow for replacements over the next few years.

Please advise Jonathan Adair of the numbers required – [REDACTED] – by next Thursday 14th February.

Regards,

Jennifer
