David, there is potentially another change, I will let you know as soon as I can.

Apologies for this,

Jennifer

Hi Jennifer,

Please find attached PDF. Is this ok?

Jennifer,

I'll look this out shortly. Can you remind me when this was last amended?

Thanks

David Fleming

David, further to conversation below, I can advise that we require two minor amendments to the wallchart.

There are two instances where the phrase "plasma glucose" is used. This should be changed to delete the word "plasma" and just refer to "glucose".

First instance is in the left hand column under the heading "£12-hourly...", second is in bottom row, under heading "INTRA-OPERATIVE PATIENTS".

I'd be grateful if you could send a proof of the chart after the amendments are made so we can confirm it's fine from is end.

Many thanks,

Jennifer

Jennifer,

Yes, thanks for giving me advance notice.

Best wishes

David, by way of introduction I work in Standards and Guidelines Quality Unit in the Department and have been asked to organise another amendment and re-print of the hyponatraemia wallchart guidance. You will have dealt with my colleague George Russell in the past.

I don't have the exact changes as yet, but wanted to make contact to check that you are still the person who can make the changes and to make sure you will be able to carry out the work.

I'm happy to discuss further either by email or telephone or [REDACTED]

Regards,

Jennifer
